Dieses Trio bietet „unplugged“ mehr als Jazz und Pop

The instrumental music which is suitable very well to be placed in concerto form presented or as a musical background on high-class events. The repertoire reaches from classics from swing and Bossa Nova about stylistically confident interpretations of pop songs up to compositions from lounge and bar music. Sven Claussen, Daniel Stelter and Hanns Höhn are absolute special musicians whose big strength lies in the atmospheric, acoustic play. The music of this trio breathes, space has and ties up by her sovereign and relaxed presentation.
