

Brass App.

Animation & Walkact, Musik: Unplugged / Marching / Akustik
Four speedy girls make alarm..

Tenor saxophone, old saxophone, tuba and percussion. ... wittily, female, wonderfully for event all kind, this it is „Brass app.“. They are adaptable, mobile, stand for unusual arrangements and spice known melodies with charm, performance and choreography – for hearing, seeing and laughter. Brass app. is estimated by her rousing presentations rich in tempo like for sensitive priming coats. Some musicians already had the honour, to work together with Robbie William, Yvonne Catterfield, NDR-Bigband, Pe Werner and Gerhard Schöne.
